SUBJECT: City asks motorists to use caution today as snow accumulates.

BY: Amy Norris, Public Information Coordinator

City asks motorists to use caution today as snow accumulates.

The City of Duluth is asking motorists to please use caution as they drive city streets today. Snow and wind are creating slippery road conditions. City street crews are currently out sanding and plowing.

The Duluth Police Department has reported six traffic accidents and three cars in the ditch since 6:00 AM.

In an effort to share citywide winter information the City encourages you to visit the web site "Winter Watch" www.duluthmn.gov/winterwatch At this web site you will be able to look at the snow emergency map, follow the odd and even parking calendar, write us an email about snow concerns and find answers to your snow related questions. We suggest you bookmark this valuable winter web site.
