SUBJECT: West Superior Street to undergo brick repair

BY: Pakou Ly, Public Information Coordinator

West Superior Street to undergo brick repair

[Duluth, MN] - The City of Duluth will begin a brick repair project along two blocks of West Superior Street starting Wednesday, September 7, 2011. Crews will start repairs between 3rd Avenue West and 4th Avenue West. While the street will remain open to traffic, there will be no parking allowed on either side of Superior Street where the repairs are occurring.

Once the first block is completed, work crews will move to the block between 2nd Avenue West and 3rd Avenue West. Again, street parking will not be available during the course of the repair work.

This two-block project is expected to last about three weeks.
