Chester Creek Bridge Project Starts Monday, October 31

[Duluth, MN] - The City of Duluth will be rehabilitating Bridge No. 93402, located on Chester Creek under 2nd Street just east of 13th Ave East. Work will commence on October 31, 2011.

The work entails a new concrete floor, concrete wall and roof repairs, concrete headwall repairs and extension of the tunnel at the outlet. The work may require temporary lane closures on 2nd Street. The estimated completion date is October 31, 2012.
