Sanitary Sewer Improvement Work to Begin on Canal Park Drive Tomorrow, April 28

[Duluth, MN] Improvements to the Canal Park Drive sanitary sewer are scheduled to begin tomorrow, April 28. Work involves the installation of a cured in-place pipe (CIPP) liner to restore the pipe. The CIPP liner is installed by “trenchless” methods in a manner that requires only limited excavation and access to the work will be at existing manholes. Work is scheduled to take place until May 31, 2020.
