Fifteen years old, gawky, egotistical, and recently orphaned, the young Mary Russell displays an intellect to impress even Sherlock Holmes. Under his reluctant tutelage, this very modern, twentieth-century woman proves a deft protégée and a fitting partner for the Victorian detective. They are soon called to Wales to help Scotland Yard find the kidnapped daughter of an American senator, a case of international significance with clues that dip deep into Holmes's past. **New members welcome!** In the Gold Room.
