SUBJECT: Reminder: Duluth Trails Closed to Public Due to Wet Conditions: Please Help Protect our Trails

BY: Amy Norris, Public Information Coordinator

Reminder: Duluth trails closed to public due to wet conditions

Please help us protect the trails !

The City of Duluth's Parks and Recreation Department is asking the public to refrain from using city hiking trails, mountain biking trails, snowmobile trails and cross country ski trails. Due to the recent rainfall all trails have become soft and are vulnerable to being damaged with deep ruts and possible erosion. The public can help prevent damage to these trails by staying off them until warmer temperatures and drier weather improve trail conditions. A notice regarding the reopening of trails will be provided as soon as conditions permit.

Trails that are open to the public at this time are the Lakewalk, the Munger Trail and the Western Waterfront Trail. In addition, the far eastern part of Skyline Parkway near Hawks Ridge is also a good place to walk as well as the far western end of Skyline Parkway, west of Spirit Mountain. These portions of Skyline are still closed to vehicular traffic.
