Duluth Natural Surface Trails Temporarily Closed to Users

[Duluth, MN] - The City of Duluth Parks and Recreation division is advising the public that all natural surface trails are closed due to annual Spring thaw, presenting wet soil conditions, until further notice. Continued use by any method (foot or bike) will result in damage to these important assets. The City anticipates reopening the trails once surface conditions improve.

The Lakewalk, Cross City Trail, and Western Waterfront Trail are paved/hard-surfaced trails that are open for use year round.
