Addendum # 2
Solicitation # 26-99365
Project 2324
Lead Service Line Replacement – Endion 1

NOTICE

This Addendum is issued to modify, explain or correct the original drawings, specifications and/or previous addenda and is hereby made a part of the Contract Documents.

- The Workforce Certificate, Equal Pay Certificate and SWIFT: Workforce and Equal Pay Declaration Page language and requirement has changed. These documents will no longer be required with the bid, but will be required of the awarded bidder before a contract will be executed. These documents can still be uploaded to Bid Express in the Optional Documents section if the bidder chooses to upload them with their bid.

CHANGES TO CONTRACT DOCUMENTS

Errors were discovered in the posted plan set. There were quantity calculations errors in the Schedule of Estimated Quantities (SEQ), some existing utilities were not represented on the "S" series plan pages, and pages S-243, S-253, and S-254 had plotting errors. A revised plan set is available on Bid Express. All revised pages are labeled with revisions "2", in reference to this addendum #2, and dated 04/15/26. The revisions include the following:

- The quantities in the SEQ were updated to the correct totals.
- Site sheets were revised to include all known existing utilities.
- Legend on the title sheet was updated to reflect additional existing utility.
- Pages S-243, S-253, and S-254 were plotted correctly.

Errors in the SEQ translated into errors in the bid quantities on Bid Express. The bid quantities posted to Bid Express have been updated to match the corrected SEQ in the revised plan.
