TEEN ADVENTURES

Join Parks & Recreation alongside other community partners to get teen youth outside and engaged with our parks this summer!

*These activities start and end at the Main Library, meeting at the Library’s Michigan Street Plaza stage. Upon return, youth can wait in the Teen Space for pick-up during normal Library hours.

***Read & Ride with the Duluth Public Library:** Bring a book and take a group bike ride to a great hammocking spot! July 17 location is Fairmont Park and riding along the DWP trail; July 31 location is riding the Lakewalk from 40th Ave E to Brighton Beach.

Out in the Woods: This teen hiking group is a chance for queer teens and allies to make friends, be outside, enjoy time in Duluth’s wild spaces together, and build a safe, inclusive community. Each hike will include an optional recreation activity such as disc golf, birding, or hammocking. More details shared upon registration. Local teens helped create this program in 2024, and it’s back again this year!

Tenkara Trout Fishing: Spend an afternoon learning about tenkara, a simplistic form of fishing that uses only a rod, line, and fly – no reel! We’ll practice our casting skills then explore one or two of Duluth’s 16 designated trout streams in search of rainbow trout, brook trout, and any other stream-dwelling fish! This activity meets at Wheeler Fields, 3501 Grand Ave., taking a Parks van to our fishing destination.

Parks Planning

Parks & Recreation planning, design, construction, and public engagement efforts related to parks, park facilities, trails, and natural resources is led by our Stewardship team. Stewardship projects aim to improve park access and recreational experiences for our citizens, reduce conflicts, enhance resiliency, and protect our natural resources. To learn more about active parks planning, design, and construction projects, please visit our Progress in the Parks page at: duluthmn.gov/parks/parks-planning/progress-in-the-park

Guiding Documents

Parks & Recreation decisions and services are guided and informed by a series of reference documents, such as mini-master plans, natural area management plans, and ordinances as approved by the Parks and Recreation Commission and/or City Council. To learn more about the background, public engagement processes, design approach, and recommendations related to specific parks and natural areas, please visit our Parks Planning Library and Duluth Natural Areas Programs pages at duluthmn.gov/parks/parks-planning/parks-planning-library/ and duluthmn.gov/parks/natural-resources/dnap

Project Highlight - Park Point Recreation Area

This summer, Parks & Recreation will work in consultation with LHB to conduct a planning process for the Park Point Recreation Area (Rec Area). The planning process will include a variety of engagement opportunities for community members to share their preference, priorities, and overall vision for future investments within the Rec Area. Ultimately, the plan is intended to support resilient landscape design, safe water access, and inclusive and multi-use recreational facilities capable of serving community members and visitors of Duluth for years to come. Development of this plan is supported by a grant from Minnesota’s Lake Superior Coastal Program.
