**Heroin Community Forum**

No one plans on their family member struggling with addiction. If this is your reality, come and get connected to resources that can help. If not, come and get helpful information to help you keep it that way.

**United We Stand**

Major community organizations stand united to inform, protect, and help our community stop opiate addiction in its tracks.

Hear from community leaders, law enforcement, and health professionals as they teach on current local drug trends, root causes of addiction and means of intervention. Listen in as young adults share their personal stories of substance abuse and how their recreational drug use evolved into heroin addiction.
