SUBJECT: Low-Potency Hemp Edible registration application window now open on Duluth City Clerk's Office website

BY: Kelli Latuska, Public Information Officer

Low-Potency Hemp Edible registration application window open on Duluth City Clerk's office website

[DULUTH, MN] The State of Minnesota's Office of Cannabis Management (OCM) recently rolled out requirements for all low-potency retailers to have both an OCM license and a registration with the City of Duluth.

OCM is accepting business license applications for lower-potency hemp edible (LPHE) retailers, lower-potency hemp edible manufacturers, and lower-potency hemp edible wholesalers until October 31 at noon. Under Minnesota Statutes, chapter 342, a business is required to apply for and obtain an LPHE license to continue selling lower-potency hemp edible products in Minnesota. All hemp registrants that do not apply for an LPHE business license in this window must cease all sales of LPHEs on October 31.

Upon obtaining the OCM license for LPHE, retailers will also be required to apply for registration with the City of Duluth's Clerk's office between January 1 and December 31, 2025. The registration fee is \$125. Licensees can learn more and apply online at <https://duluthmn.gov/city-clerk/licenses-permits/lower-potency-hemp-edible-business-registration/>
